Chapter	
I. INTRODUCTION	1
II. THE PROBLEM	11
Background	11
Current Status	14
Extent of the Present Study	17
III. PROCEDURE	20
Description of the Instruments	20
Measurement of the Seismograms	21
Sources of Information	24
IV. THE STUDY--CORRELATION OF THE DATA	26
General Comments	26
Subdivision of the Three to Nine Second	
Band of the Period Spectrum	31
Microseismic Storms	33
Four to Five Second Period Microseisms	33
1. Microseismic Storm of 7-8 Jan., 1950	34
2. Microseismic Storm of 1 March, 1949	38
3. Microseismic Storm of 7 March, 1949	41
Discussion.	45
Five and One-half to Seven and One-half	
Second Period Microseisms	47
4. Microseismic Storm of 9-19 Jan., 1947	47
5. Microseismic Storm of 15-16 Feb., 1948.	51
6. Microseismic Storm of 23-27 Feb., 1947.	55
7. Microseismic Storm of 6-9 March, 1950	58
Discussion.	63
Eight to Nine Second Period Microseisms	66
8. Microseismic Storm of 25-26 Feb., 1949.	66
9. Microseismic Storm of 2-4 Nov., 1948.	69
10. Microseismic Storm of 31 March to	
1 April, 1949	73
Discussion.	77
Analysis and Theory	78
